MAY 1 REC'D

The Midwest Numismatic Association (C-37804) held its 2nd annual Coin Clinic at the Ward Parkway Shopping Center. An estimated 35,000 attended the session during the day to view the exhibits and watch the film on "A Trip Through the Denver Mint."

Our publicity was great prior to the Coin Clinic as many heard the spot announcements from the 24 local radio stations. Also a live five (5) minute television time was obtained to promote the clinic and National Coin Week. In fact the Coin Clinic was so well received by the public that a date has been set for next year.

Below is a list of the EXHIBITORS and we would appreciate a Certificate of Award for their effort from you.

#### EXHIBITORS

Anita Casey	Rey S. Harrison
Martina Arthur	Dale Thompson
